

OSU Agriscience Scholarship Opportunity

Check this out!

The OSU Department of Plant and Soil Sciences is offering scholarship money for high school students who do a scientific study, specifically in agronomy/crops/conservation, who then attend OSU.

There is no specific application for the scholarship. Students write a paper about their research project, and 10 will be selected to attend a conference (at no cost) where they will present their study. The top 3 will receive scholarships (\$2,000 for 1st place!) to OSU in Plant and Soil Sciences.

The rules and regulations can be found at:

<http://pss.okstate.edu/youth-activities/improving-conservation-through-exper>

Or, go to the OSU Plant and Soil Sciences web site and click on Improving Conservation through Experimentation.

The deadline to submit papers is **November 1, 2012**.
