Keynote Speakers

Mark Scharenbroich

What's It About?

Mark is one of the top-rated youth speakers of all time. Actually, he is part *motivational* speaker, part thought-provoking *inspiration*, and pure *entertainer*. An Emmy Award winner, Mark makes every event memorable through engaging stories—and he makes it fun. He weaves in an ensemble cast of unforgettable characters. Plus, this guy is hilarious!

Krish Dhanam

You Gotta Have Goals

The road Krish took to becoming one of the most dynamic speakers in America began in southeast India with the dream of moving to America. He arrived in New York City in 1986 with nine dollars in his pocket and a burning desire to achieve the levels of success he'd seen in the American-made movies he viewed as a child. Today, he is one of only two executive coaches personally trained by Zig Ziglar.
