

Oklahoma FFA Association

YEAR IN REVIEW

A heart of service

in the heart of Oklahoma

Oklahoma Farm Bureau members understand the importance of plugging in and serving. Whether it is their local fair, area 4-H and FFA programs, or community organizations, our state's farmers and ranchers are proud to be the hands and the voice of both our agriculture industry and our rural communities. Farm Bureau members tirelessly share their time, talents and efforts to ensure all Oklahomans have a brighter future.

OKLAHOMA FFA HUNGER CHALLENGE

**Envision a state
without hunger!**

FFA members are making a difference in our state to help those struggling with hunger. 100% of the proceeds from donated animals or cash donations are used to produce nutritious meat sticks that are so vitally important to the “Pork for Packs” program, a collaboration between the OKFB Foundation for Agriculture, the Regional Food Bank of Oklahoma and the Community Food Bank of Eastern Oklahoma. It provides protein sticks for chronically hungry children in Oklahoma. The protein sticks are included in food-filled backpacks given to students to eat during weekends and holidays, when meals at school are not available.

FUTURE AG-ED TEACHER ACADEMY

Designed for high school juniors and seniors interested in becoming an agricultural education instructor, the program encourages agricultural education as a positive and promising career choice. During the five-day academy, students receive an overview of the OSU agricultural education teaching program, visit agricultural education programs across Oklahoma, and receive a hands-on teaching experience.
